

## Overview

In order to save memory and hard drive space, you can “purge” unused Blocks, Layers, Linetypes, Shape Files, Text Styles and Dimension Styles from your drawing. Below is a list of blocks that should **not** be purged out, as well as a description of each.

## Blocks You Should Not Purge

<b>BLOCK NAME:</b>	<b>DESCRIPTION:</b>
\$DSYMA	Arched Surface Symbol
\$DSYMD	Domed Surface Symbol
\$DSYMS	Straight Surface Symbol
27V_DAT	Interior Configuration File
APD-DRMS	Door Marks
APD-F	Floor Datum (Reference Point)
APD-WWMS	Window Marks
APD_BARGESYM	Barge Symbol
APD_CG_DAT	Ceiling Locations
APD_DL_DAT	Detail Locations
APD_EL_DAT	Elevation Locations
APD_FASCIASYM	Fascia Symbol
APD_GE_DAT	General Locations
APD_PD_DAT	Floor Locations
APD_RF_DAT	Roof Locations
APD_SE_DAT	Site Locations
APD_SETS	Drawing Settings
APD-VW_DAT	View Locations
APD_WLSY	Interior Configuration File
APD_XN_DAT	Section Locations
PEG	Peg Point
SPOT	Spot Elevation Point
STATION	Station Point
